 SUMMARY OF CONFLICTS OF INTEREST POLICY 13

APPENDIX E 16

 EXAMPLE: CONFLICTS DISCLOSURE TEMPLATE 16

1. INTRODUCTION

The Firm conducts its business in accordance with FCA Principle 8 which requires the Firm to manage conflicts of interest fairly, both between the Firm and its clients as well as between one client and another client.

SYSC 10.1 requires the Firm to take all appropriate steps to identify and to prevent or manage conflicts of interest that arise in the course of the Firm providing its services, between:

- the Firm including its managers, employees and appointed representatives or any person directly or indirectly linked to them by control (collectively “**Staff**”), and a client of the Firm; or
- one client of the Firm and another client;

including those caused by the receipt of inducements from third parties or by the Firm’s own remuneration and other incentive structures.

In addition, where the Firm acts as the Alternative Investment Fund Manager (“**AIFM**”) to an Alternative Investment Fund (“**AIF**”), this obligation is extended to managing conflicts in such a manner to prevent them from adversely affecting the interests of the AIF or its investors and to ensure that the AIFs managed by the Firm are fairly treated.

For AIFs in respect of which the Firm acts as AIFM, the Firm is required to identify conflicts of interest between:

- the Firm, including its Staff, and the AIF or its investors;
- the AIF or its investors and another AIF or its investors;
- the AIF or its investors and another client of the Firm; and
- The AIF or its investors and a UCITS managed by the Firm or its investors.

Please note that the Firm is a regulatory host to Managers who are seconded to the Firm (they are not deemed to be employees of the Firm). In addition, the Manco of the Managers will be an Appointed Representative of the Firm. The Firm’s policy is to take all appropriate steps to maintain and operate effective organisational and administrative arrangements to identify and to prevent or manage potential and actual conflicts of interest in the Firm’s business.

This document constitutes the Firm’s Conflicts of Interest Policy (the “**Policy**”). The Policy applies to all Staff of the Firm. It aims to identify the circumstances which constitute or may give rise to a conflict of interest and specifies procedures to be followed and measures to be adopted in order to manage such conflicts.

The Firm maintains a Conflicts Register (see Appendix A) which contains a summary of the Firm’s conflicts and the procedures in place to manage them. The Conflicts Register is regularly updated, and particularly whenever a new conflict is identified or the method for managing a conflict is altered.

2. IDENTIFYING TYPES OF CONFLICTS OF INTEREST

For the purposes of identifying the types of conflict and potential conflicts that arise which may damage the interests of a client, the Firm must take into account whether the Firm or a member of Staff:

- Is likely to make a financial gain, or avoid a financial loss, at the expense of the client, the AIF or an AIF investor;
- Has an interest in the outcome of a service provided to the client, the AIF or an AIF investor or of a transaction carried out on behalf of the client or AIF, which is distinct from the client’s or AIF’s interest in that outcome;
- Has a financial or other incentive to favour the interest of one client or group of clients or another AIF over the interests of the client or of the AIF or to favour the interest of one investor over the interest of another investor or group of investors in the same AIF;
- Carries on the same business as the client or carries out the same activities for the AIF as for another AIF or client; or

- Receives or will receive from a person other than the client or AIF or its investors an inducement in relation to a service provided to the client or the AIF, in the form of monies, goods or services other than the standard commission or fee for that service.

3. PROVISION OF INFORMATION TO CLIENTS

Prior to undertaking business for a Client, the Firm provides the Client with a summary of this Conflicts of Interest Policy, a copy of which is provided at Appendix D. The Firm makes available a copy of the summary on the Firm's website.

4. MANAGING CONFLICTS

4.1 GOVERNANCE

The Firm has robust governance arrangements and senior management oversight of the business. Key business decisions are taken by the Governing Body which understands the Firm's obligations to manage and mitigate conflicts of interest. The Firm's senior management are responsible for ensuring that the Firm's systems and controls and procedures are robust and adequate to identify and manage any conflicts of interest that may arise.

Discussion of conflicts within the business is a standing agenda item at Firm board meetings and senior management regularly discuss and review the processes in place for prevention and management of identified conflicts.

It is the on-going responsibility of all Staff to identify potential and actual conflicts of interest as they arise in the Firm's business and to notify the Compliance Officer immediately. The Compliance Officer is responsible for implementing appropriate procedures to manage and monitor those conflicts and reports directly to the Governing Body on a regular basis. Management information relevant to identifying conflicts is reviewed by the Compliance Officer (including risk reports, monitoring of account and position statements produced by the Firm's third-party administrators for client assets and other risk scenarios).

4.2 MANAGEMENT REPORTING

The Governing Body of the Firm receives, at least annually, written reports on all identified conflicts. The Compliance Officer is responsible for ensuring that the Governing Body receives such reports.

4.3 SEGREGATION OF FUNCTIONS AND INDEPENDENCE

The Firm has a clear organisational structure with well-defined, transparent and consistent lines of responsibility.

The Firm has structured its senior management to appropriately segregate duties so as to avoid conflicts of interest wherever possible.

The Firm also engages external compliance consultants to advise on the Firm's compliance programme, to undertake independent review of the Firm's satisfaction of its regulatory obligations, including its management of conflicts of interest and its on-going monitoring requirements.

4.4 INFORMATION BARRIERS

The Firm has effective procedures to prevent or control the exchange of information between Staff engaged in activities involving a risk of a conflict of interest where the exchange of that information may harm the interests of one or more clients.

4.5 REMUNERATION

The Firm has a documented Remuneration Policy detailing the Firm's approach to remuneration and compensation arrangements.

The Firm's interests and the Staff's interests are aligned with those of the Firm's clients. Pay and bonuses are linked to numerous factors and the Remuneration Policy ensures that incentives are consistent with the provision of fairness and do not create conflicts.

4.6 PERSONAL CONFLICTS OF STAFF

All Staff are required to disclose in writing any conflicts of interest upon commencement of employment with the Firm and on a periodic basis. Staff shall disclose any potential or actual conflicts of interest directly to the Compliance Officer.

4.7 DISCLOSURE TO CLIENTS

If the Firm's arrangements to manage a potential conflict of interest are not sufficient to ensure with reasonable confidence that the risk of damage to the interests of a client or AIF investor will be prevented, the Firm will clearly disclose the following to the client or AIF investor before undertaking business for the client:

- the general nature or source of conflicts of interest, or both; and
- the steps taken to mitigate those risks.

The Firm treats disclosure of conflicts as a measure of last resort to be used only where the effective organisational and administrative arrangements established by the Firm to prevent or manage its conflicts of interest are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of clients or AIF investors will be prevented.

Disclosures are made as follows:

- in a durable medium;
- clearly stating that the organisation and administrative arrangements established by the Firm to prevent or manage that conflict are not sufficient to ensure, with reasonable confidence, that the risks of damage to the interest of the client will be prevented;
- including a specific description of the conflicts of interest that arise in the provision of investment services or ancillary services;
- explaining the risks to the client that arise as a result of the conflicts of interest; and
- with inclusion of sufficient detail taking into account the nature of the client, to enable that client to take an informed decision with respect to the service in the context of which the conflict of interest has arisen.

The Firm uses a prescribed format for making disclosures, a template for which is provided in Appendix E.

4.8 DECLINING TO ACT

The Firm may decline to act for a client in cases where the Governing Body believes the conflict of interest cannot be managed in any other way.

4.9 POLICIES & PROCEDURES

In addition to this Policy, the Firm has comprehensive policies and procedures which are designed to establish consistent controls to manage and mitigate conflicts. These policies cover areas such as Insider Dealing and Market Abuse, Outside Business Activities, Gifts, Inducements and Business Entertainment, Research, Product Governance, Fraudulent Practices and Money Laundering and Whistleblowing.

5. RISK MANAGEMENT FUNCTION: SAFEGUARDS AGAINST CONFLICTS OF INTEREST

The Firm has established a permanent risk management function in accordance with its regulatory obligations. The Firm is required to ensure that certain mandatory safeguards against conflicts of interest relating specifically to the risk management function are in place. These mandatory safeguards are set out in the Checklist at Appendix B of this Policy. The Firm periodically reviews its procedures to ensure that the mandatory safeguards against conflicts of interest, together with any additional safeguards that the Firm identifies as being required, are properly implemented.

6. STAFF TRAINING

Upon joining the Firm, Staff receive guidance and training in respect of this Policy to ensure they are aware of the importance of the Policy and the need to report any potential or actual conflict of interest immediately to the Compliance Officer.

7. UPDATING AND REVIEW OF THIS POLICY AND CONFLICTS REGISTER

This Policy and the Firm's Conflicts Register will be updated at least annually and whenever new services or products are provided by the Firm, new conflicts are identified either by Staff or as part of the Firm's compliance monitoring programme, or new procedures to manage conflicts are put in place.
